Hi Stephanie,

Sounds like the next step is to see if you can clarify from Veolia whether the landfill has only ever received domestic sewage, or whether they receive waste (now or in the past) from industrial customers.

Thanks.

Hi Stephanie,

Route 68 Gardner behind Wildwood Cemetery and the Gardner Transfer Station.

Rousseau Pond being endangered with Sewage Sludge Landfill in the back.

This feeds into Otter River, then Miller's River and onto Connecticut River.

I do not believe this is covered in Gardner's MS-4 storm water discharge permit.

How else can I help?

Mr. Alan Rousseau has been copied on this e-mail as he is the landowner directly affected.

Thanks!
Paul DeMeo

Hello Mr. Demeo. I received the tip regarding the alleged wetlands violation by the landfill. I was wondering if you could provide me a bit more detail on the exact location so I can properly follow up on this? Thank you
